### TERMINAL DISCLAIMER TO OBVIATE A DOUBLE PATENTING

#### REJECTION (37 CFR §1.321(b))

I, Craig A. Slavin, represent that I am an attorney of record in the present application and that I am authorized to sign on behalf of the assignee, EP TECHNOLOGIES, INC., the owner of all of the interest in the above-identified application. I hereby certify that all statements made herein are made by and for the assignee, EP TECHNOLOGIES, INC. The assignment was recorded on October 31, 1997, on Reel 8810, Frame 0581. The documentary evidence establishing the chain of title from the original owner to the assignee has been reviewed and assignee certifies that, to the best of assignee's knowledge and belief, title is in the assignee seeking to take action.

EP TECHNOLOGIES, INC. hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory period of United States Patent No. 6,203,525, as presently shortened by any terminal disclaimer, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period

that the legal title to said patent shall be the same as the legal title to United States Patent No. 6,203,525, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

EP TECHNOLOGIES, INC. does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of United States Patent No. 6,203,525, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer.

A check in the sum of \$110.00 (37 CFR §1.20(d)) is submitted herewith. The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 50-0638. Should such fees be associated with an extension of time, applicant respectfully requests that this paper be considered a petition therefor.
